FAQ EOSH Training VSB

- About the 12 and 29 modules?
  There are only 2 options. 12 or 29. The exam will also be based on the 29 modules if you choose to go for the 29 modules.

- Customized training?
  A customized training of 12 self-selected modules is possible. The registration must be made by or for a group consisting of at least 10 to 12 participants.

- Are all modules provided online?
  Yes, all 29 modules are provided via an ECampus platform.

- Is the exam mandatory?
  Yes

- How many re-examination chances do I get?
  After the first attempt the participant gets one chance

- Is there also an exam for the 29 training modules?
  Yes, all exams are based on either 12 or 29 modules.

- How long for the 12 and 29 modules training?
  The 12 modules take up to 4 to 5 weeks.
  The 29 modules take up to 8 to 9 weeks.

- Investment for the 29 modules training?
  The investment here will be US$1000 per participant who is employed by a member of the VSB.
  Non-members pay US$1500 per participant.

- Possible in-company training?
  Yes. Participants will still be using the VSB-ITC ECampus platform (plus participate in all zoom sessions and 1 physical session). We can of course make adjustments to the sessions depending on the need.

- Supervisor level
The training team will consist of a Surinamese EOSH expert, a ILO certified EOSH trainer from the VSB and will be guided by the International Training Center of the International Labor Organization (ILO).
